

# The WONDER of LEARNING BOSTON 2018

preparing ALL children for the world of tomorrow

## Join in the Future of Early Childhood Education: June to November 2018

*The Wonder of Learning Boston 2018 will transform the field of early childhood education in Boston and beyond through:*

**The Hundred Languages of Children** - A unique opportunity to experience the world-renowned Reggio Emilia approach to early childhood education through an inspiring 7,000 sq.-ft. multimedia exhibition. It is free and open to the public.

**Professional Development** - A range of free and low-cost conferences, seminars, workshops, and other programs that present the best practices in early childhood education, including and celebrating educators in underserved and underrepresented communities.

**Community Engagement** - A dialogue between educators, researchers, policy makers, and community members about high-quality early childhood education, with a particular focus on innovation and equity, through policy discussions, lectures, conferences, parent education, and regional pop-up satellites.

By engaging 15,000 local educators, we'll transform the learning experiences of 700,000 children across all zip codes.

*The Wonder of Learning Boston 2018 is hosted by the Boston Area Reggio Inspired Network, Inc. in collaboration with Reggio Children, the Istituzione of the Municipality of Reggio Emilia, and NAREA.*

# The WONDER of LEARNING BOSTON 2018

*preparing ALL children for the world of tomorrow*

To make The Wonder of Learning free and accessible to all educators, particularly those serving underserved and underrepresented communities, we are seeking sponsors to make the exhibition and symposium possible for six months.

## Sponsorship Levels

### Leadership Partners: \$50,000

- 12 Invitations to Preview Reception

### Sponsors: \$10,000+

- 8 Invitations to the Preview Reception
- Logo/name displayed prominently at exhibit
- Logo/name displayed on email invitations
- Full-Page ad in the brochure
- Website listing

Our task, regarding creativity,  
is to help children climb their  
own mountains, as high as  
possible. No one can do more.  
~ Loris Malaguzzi
